Updates Regarding MyChiroTown App

It has been recently discovered that ChiroTouch (office software used at T.C.P.) is in the process of phasing out the MyChiroTown app, and replacing it with a newer, better app sometime in 2019.

- **iPhone** users: Continue using the app (only difficulty reported: lack of push notifications).
- **Android** users: Persistent issues reported with schedule accuracy. Consider using web-based **SelfScheduler** (go to www.ChiropracticPlace.net, click **MENU>REQUEST AN APPOINTMENT**, then save link to smartphone home screen).
